Dear Mr. Allan,

Re: Green Line letter dated January 12, 2023

I have received your letter regarding the Green Line and the invitation to meet with Mr. Hann. I appreciate your continued interest in seeing this project built to the highest standards of professionalism and financial prudence. At this juncture I have full confidence in Green Line's Executive Leadership team, as well as the Green Line Board, and their ability to appropriately steward this project. City Council has previously directed a variety of touchpoints for the Green Line Board and Executive to inform Council (and the public) of project milestones along with any identified risks as the project progresses. As such, there are also corresponding opportunities for Council to demonstrate leadership, make informed decisions and provide additional or altered direction as required. I am fully aware of the responsibility each entity holds on this transformative city-building project and see no need to meet with Mr. Hann at this time.

Thank you for your letter and for the many civic endeavours you and your associates have undertaken to build a strong Calgary through the years.

Sincerely,

Jyoti Gondek
